

Dear Laura,

My name is Erika Arreola and I am 15 years old. I read An Invisible Thread with my class. I really think that it is a good book, even though it was sad when Maurice was on the streets asking for money. This true story really touched me. Maurice changed the way I used to think and taught me a lot of things, like that we need to be thankful with our parents for giving us this life, for always being there for us. I am very proud of you for going back to Maurice and taking him to Mcdonald's. YOU really changed his life. Maurice's family weren't taking care of him at all. He didn't even know what LOVE was. You came in his life at the right moment. It was so emotional when he said that you were his angel. That almost made me cry. This has been my favorite books so far and the first book that has interested me the most. It has been a really amazing book. Congratulations on your book, *An Invisible Thread*.

Sincerely,

Erika
